US ERA ARCHIVE DOCUMENT

Summary of EPA's Audit Policy

Wesley S. Hardegree, EPA – Region 4 July 15, 2009

EPA Compliance Assurance

- EPA (OECA) is responsible for maximizing compliance to a universe of over 40 million regulated entities using:
 - 10 federal environmental statutes dealing with prevention and control of pollution, and
 - 28 distinct federal programs under those statutes.
- To conduct the work necessary for the 28 programs, OECA utilizes 4 primary tools to pursue compliance, thereby achieving cleaner air, purer water and better-protected lands.
 - Compliance Assistance
 - Compliance Incentives
 - Compliance Monitoring
 - Enforcement

EPA's Audit Policy: Purpose and History

- The purpose of EPA's Audit Policy is to encourage regulated entities to...
 - voluntarily discover,
 - disclose,
 - correct, and
 - prevent violations ...of federal environmental requirements.
- The Audit Policy is technically known as "Incentives for Self Policing: Discovery, Disclosure, Correction, and Prevention of Violations"
- Original Policy
 - 60 FR 66706 Effective January 22, 1996
- Revised Policy
 - 65 FR 19,617 Effective May 11, 2000
 - www.epa.gov/compliance/incentives/auditing/auditpolicy.html

No routine requests for audit reports

- No recommendation for criminal prosecution
- Penalty mitigation

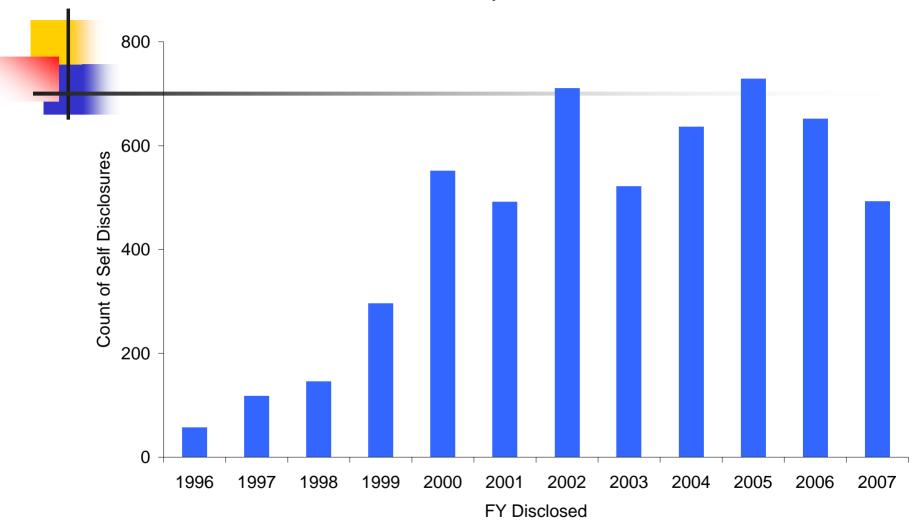

Audit Policy: Penalty Mitigation

- Civil penalties under the environmental laws generally have 2 components:
 - an amount assessed based upon the severity or "gravity" of the violation, and
 - the amount of economic benefit a violator received from failing to comply with the law.
- Under the Audit Policy,
 - No gravity-based penalties (i.e., 100% gravity-based mitigation) if all nine of the Policy's conditions are met.
 - EPA retains its discretion to collect any economic benefit that may have been realized as a result of non-compliance.
 - Under the Audit Policy, a reduction of gravity-based penalties by 75% where the disclosing entity meets all of the Policy's conditions except detection of the violation through a systematic discovery process.

	Condition Number	Short-Hand Summary of Audit Policy Conditions
4	1	Systematic Discovery of the violation through an environmental audit or a compliance management system.
	2	Voluntary Discovery, in other words it is not through a legally required monitoring, sampling or auditing procedure.
	3	Prompt Disclosure in writing to EPA within 21 days of discovery or any shorter time required by law.
	4	Independent Discovery and Disclosure.
	5	Correction and Remediation within 60 days, in most cases, from date of discovery.
	6	Prevent recurrence of a violation.
	7	Repeat violations are not eligible for mitigation under the Audit Policy.
	8	Certain violations are not eligible.
	9	Cooperation by the disclosing entity is required.

Disclosure Activity Trend 1996-2007

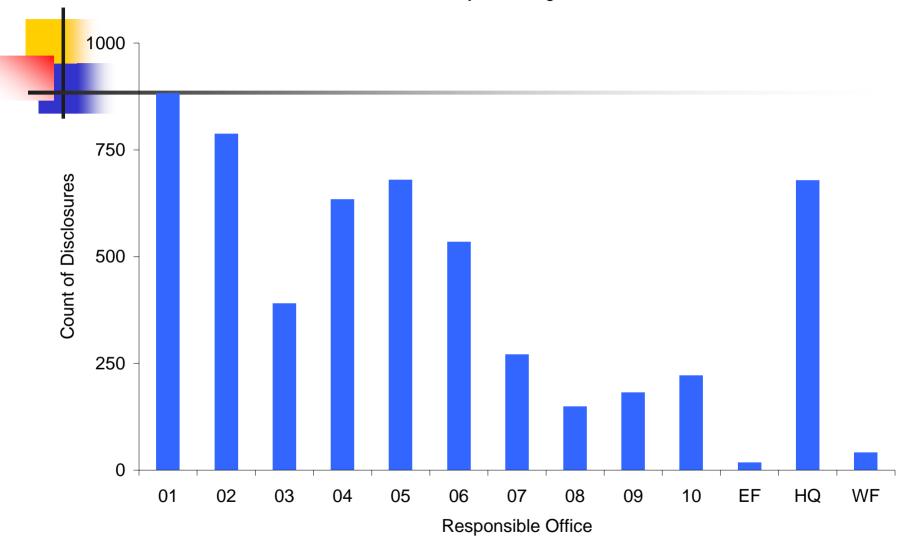

Disclosures by Environmental Statute

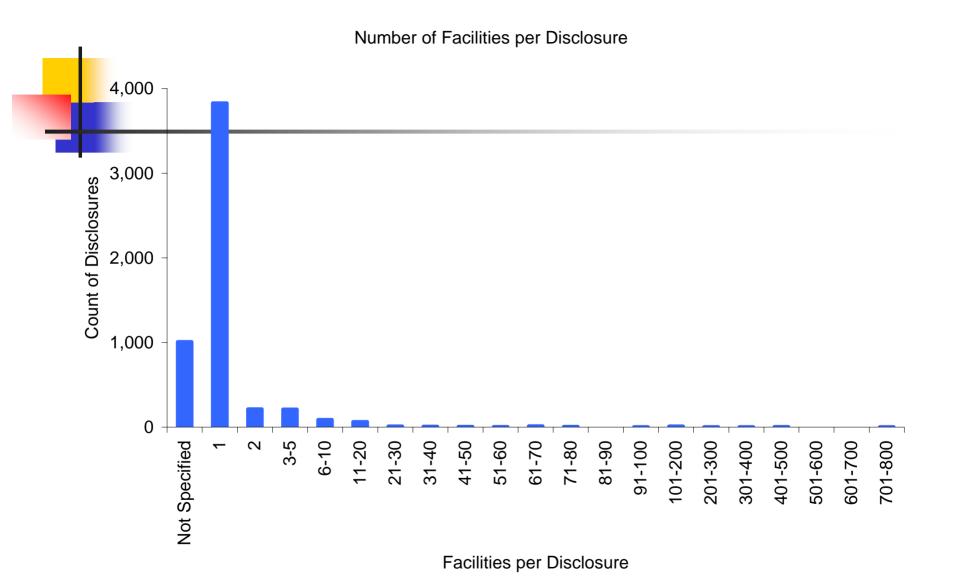

Disclosures by EPA Regions

Audit Tool – Audit Protocols

Developed by EPA to assist

Protocol for Conducting Environmental Compliance Audits for Hazardous Waste Generators under

entities in developing compliance audits.

- Provide detailed regulatory checklists in easy to understand question format.
- Protocols cover: CERCLA, CWA, EPCRA, FIFRA, RCRA, TSCA, SDWA.
 - http://cfpub.epa.gov/compliance/ resources/policies/incentives/auditing/

How to Make a Disclosure Under EPA's Audit Policy:

- Contact EPA Region where entity or facility is located.
 - Region 4: http://www.epa.gov/Region4/ead/legal/auditproc.html
- Where multiple Regions are involved, contact EPA HQ.
 - Phillip Milton, EPA HQ (202) 564 5029
- For criminal violations, contact: Regional Criminal Investigation Division, EPA HQ, or U.S. Department of Justice.
 - James T. Morgan, EPA HQ
 Criminal Investigations Division (202) 564 -7684

- Letter acknowledging receipt of disclosure within 30 days of submitting disclosure.
- EPA review includes:
 - Determine if disclosure meets nine criteria of Policy.
 - > Request additional information, if needed.
 - > Determine whether penalty mitigation is appropriate.

eDisclosure EPCRA Pilot

National web-based pilot for EPCRA disclosures (about one-half of all disclosures received)

Benefits

- Makes self-disclosing easier
- Speeds EPA processing times and reduces transaction costs by ensuring that each disclosure contains complete information
 - Can help in meeting key management measure
- Assures consistency in how disclosures are processed
 & reviewed using a comprehensive "smart" form and
 SOPs

What are the Nine Conditions of the Audit Policy?

- 1. Systematic Discovery of the violation through an environmental audit or a compliance management system.
 - If the violation was discovered through an environmental audit or a compliance management system, then systematic discovery likely occurred. NOTE: A 75% penalty reduction is available where the disclosing entity meets all of the Audit Policy's conditions except detection of the violation through a systematic discovery process.

2. <u>Voluntary Discovery</u>, in other words it is not through a legally required monitoring, sampling or auditing procedure.

3. Prompt Disclosure in writing to EPA within 21 days of discovery or any shorter time required by law. Discovery occurs when any officer, director, employee or agent of the facility has an objectively reasonable basis for believing that a violation has or may have occurred.

4. Independent Discovery and Disclosure, before EPA likely would have identified the violation through its own investigation or based on information from a third party.

5. Correction and Remediation within 60 days, in most cases, from date of discovery.

6. Prevent recurrence of a violation.

Repeat violations are not eligible for mitigation under the Audit Policy. In other words, the same or closely related violations that occurred within the past 3 years at the same facility or as part of a pattern of violations within the past 5 years at facilities owned or operated by the same entity are not eligible.

- 8. Certain violations are not eligible:
 Those that result in serious actual
 harm; that may have presented an
 imminent and substantial
 endangerment; or that violate specific
 terms of an Administrative or Judicial
 Order or Consent Agreement.
- 8. <u>Cooperation</u> by the disclosing entity is required.
